

Ms. Elyse Tollefson
Second Grade Teacher

Ms. Elyse Tollefson graduated from Xavier University with a Bachelors Degree in Early Childhood Education and a minor in Spanish. She joined the St. Gertrude staff as a Kindergarten aide in the spring of 2008 and began teaching in second grade in the Fall of 2008. Ms. Tollefson loves taking her second graders to the science lab to do experiments and get messy! She enjoys teaching all of the subjects and especially likes teaching the second graders about history, more specifically the history of Cincinnati. She also loves the health unit where students make candy mouths to learn about their dental anatomy. She is very blessed to have second grade and see students welcome Jesus into their hearts in First Holy Communion!
