

Mrs. Jan Enia
First Grade Teacher

Mrs. Janis Enia joined the faculty of SGS in 1990 and has enjoyed teaching first graders for the past 20 years. She has a B.A. in Elementary Education from the University of Dayton and is trained in the Orton-Gillingham method of reading. Previous to coming to SGS, Mrs. Enia taught 5 years of third grade, 4th grade math, and 2nd grade religion. Yet her passion is teaching first graders, helping them not only to learn to read, but to love it as well. Much of her teaching, in all subject areas, is done through different genres of literature. Her biggest teaching thrill comes in witnessing the accomplishments first graders make in such a short period of time.
