

Mrs. Margaret Stevenson  
Administrative Assistant/Teacher

Mrs. Margaret Stevenson is in her third year at St. Gertrude School. She originally worked a few months in the Science Lab, and then transitioned to the office as an Administrative Assistant. Mrs. Stevenson is responsible for the Bulldog Bulletin, teaches the Newspaper elective, and assists with various other administrative duties. She has a B.S. from the University of Dayton, with a double major in Psychology and Social Work, and a Master's degree in Business/Labor and Human Resources Management from The Ohio State University. She worked as the Communications/Recruitment Manager for Thriftway Food and Drug for seven years after college. After staying home full time for 12 years to raise her three children, she feels blessed to have the opportunity to work part-time with the awesome faculty and staff at St. Gertrude School, using her education, but also having the flexibility of being available to her family.
