

Mrs. Sarah Trautmann
Third Grade Teacher

Mrs. Sarah Trautmann has been a proud faculty member of St. Gertrude since 2006. She graduated *Summa Cum Laude* from St. Louis University with a B.A. in Elementary Education. Antarctica and Australia are two of her favorite things to teach because she loves to travel and learn about new places. Although she has never been to either place, she certainly knows a lot about them after many hours of research to prepare her lessons! She also enjoys teaching her third graders multiplication because they soak it up like little sponges! In 2009, Mrs. Trautmann and her teaching partner, Ms. Bookmyer, introduced Book Club into the third grade reading program. She's enjoyed seeing her students read and discuss books across all genres together.
